Sir:

In response to the Office Action dated December 22, 2000, please enter the following amendments and remarks into the file of the above-identified application:

In the Claims:

Please amend claims 1, 2, and 19 to read as follows:

1. (Amended) An end member for use with an implant for fusing bone comprising:

a first portion with a top surface adopted and configured to engage the bone and having an edge and a first channel extending from the edge for receiving a surgical instrument;

a second portion configured and dimensioned to be inserted into a bore of the implant; and

a shoulder joining the first and second portions and sized to rest on an edge of the implant when the second portion is inserted in the bore of the implant.
